# Financial Policies and Procedures Meeting

April 25, 2024

District Facilitator:

Lisa Bollers, Adams-Arapahoe 28J

# AGENDA

- Call to Order
- Approval of Agenda
- Approval of Minutes
- GAINS Update
- Grant Review Project
- Grants Fiscal
- Universal Preschool
- School Nutrition updates
- Legislative Session
- School Finance Rule Update
- GASB 101: Compensated Absences
- Fiscal Health Analysis of Colorado School Districts: Office of the State Auditor
- Financial Reporting
- FPP Membership Update
- School Finance Staffing
- Other Topics of Interest
- Upcoming Meetings

# Approval of Agenda

# Approval of Minutes

# GAINS Update

The Grants Administration Implementation & Navigation System is a comprehensive solution designed to streamline the grant lifecycle, from application to reporting. It provides a centralized platform to efficiently manage grant application submissions, allocation and monitoring.

- Application submission
- Requesting funds
- Report collection
- Monitoring

# General GAINS Statistics

- 18 Funding Applications (open, closed, in review, or in development)
- Over 375 applications received to date
- Over 200 unique applicants (including 111 districts, 58 charter schools, 5 IHEs, 30 CBOs, and 5 BOCES)
- Over 5250 LEA user profiles in the system
- Over \$1.1 *billion* requested through GAINS to date

# What is in GAINS?

LEAs will use GAINS to apply for grants, request funds, and submit reports (as needed by program offices).

LEAs can see all the grants that the LEA has applied for through GAINS and any new grants that are available to the LEA.

## Funding Applications

Pueblo City 60 (2690) District - FY 2025

Session Timeout: 59:24 (Hide Timer)

This is the GAINS TEST site. Please be sure to complete your work in the LIVE site. Test Database refreshed Apr 11 2024 10:57AM.

# Data in GAINS

Each user will have access to their own organizations data. Some roles will only see the grant that is associated with the role provided.

There is not a “report” function however several pages will provide an overview of what has been requested and pages can be downloaded in Excel format for use outside of the system.

### Announcements

#### ESEA Consolidated Application - GAINS Training (4/2/2024)

Please see the Federal Programs and Supports Unit (FPSU) webpage to see the Spring Regional Network Meetings and Consolidated Application Work Sessions.

[Dates, locations, and registration can be found on FPSU website.](#)

#### GAINS Grants Calendar (4/2/2024)

The following grants have upcoming opening or closing dates in GAINS:

- [Vaping Prevention Education](#) - **March 13 - April 24, 2024**
- [Local Accountability Grant](#)- **March 13- April 22, 2024**
- [Education Program for Children and Youth of Agriculture Workers](#) - **March 4 - June 3, 2024**
- [Universal Screening and Qualified Personnel Grant](#) **April 1, 2024 - April 15, 2024**
- [Read Act Budget Submission](#)- **April 15, 2024- June 30, 2024**
- [2025 Colorado Teacher of the Year](#)- **April 8, 2024- June 19, 2024**

#### Coming soon

- [ESEA Consolidated Application](#) - **TBD**

[View the Grants and Award Forecast](#) or visit the program pages linked above for more information on these and other future upcoming opportunities.

### Reminders

#### Non-District Organization Access to GAINS (12/1/2023)

Non-district organizations, such as Community-Based Organizations (CBOs) or Institutes of Higher Education (IHEs), should use the [Non-District Organization GAINS Access Form](#) to request access and logins into GAINS.

- [Non-District Organization GAINS Access Form](#)

Charter Schools applying for grants in GAINS should use the [Charter School GAINS Access Form](#). Please note that, although Charter Schools will be able to login and submit their own applications through GAINS, they will still need to identify an LEA Fiscal Representative and LEA Authorized Representative from their authorizing district or the Charter School Institute.

- [Charter School GAINS Access Form](#)

#### GAINS Resources (11/7/2023)

**New to GAINS or just looking for a quick answer to a question? Try out the following resources!**

- [Weekly Office Hours](#) - Tuesdays, 12:30-1:00pm
- [GAINS Training Resources Webpage](#) -- Recordings, materials and links from previous and future system overview training opportunities
- [GAINS FAQ](#) - Short, quick answers to most common questions received
- [CDE IdM Password Reset](#) - Use this link to reset your CDE IdM Password
- [Help Desk Ticket](#) - Stuck and not sure how to proceed in GAINS? Submit a Help Desk Ticket.

[Colorado Department of Education](#) | [Staff Directory](#) | [United States Dept. of Education, Office of Inspector General Hotline \(Federal Education Grants\)](#)

# How to Access GAINS

Anyone with the role of **User Access Administrator** can create users and add roles within GAINS

- Districts, Boards of Cooperative Services (BOCES), Administrative Units (AUs), Community-Based Organizations (CBOs), and the Colorado School for the Deaf and the Blind (CSDB) will designate a **User Access Administrator** within their organization.
  - The Local Access Manager (LAM) has this role by default for most organizations, but it can be assigned to others within the organization.
  - CBOs will need to submit a [Non-District Access Request Form](#) to designate a User Access Administrator.
  - CDE will redirect requests from individuals for access or roles from above organizations to LAMs and/or User Access Administrators.

*Exception:* Charter Schools will work with CDE through [Charter School Access Request Form](#) to create users and add or update roles.

## What is a user role in GAINS?

A user role is a set of permissions and will not necessarily correspond to a job title. A user role allows a person to enter and update or edit grant applications, view grant data, complete monitoring and reporting requirements, submit revisions, approve various workflow steps, and more.

Based on your organization's processes and policies, a user may have more than one role, and a role might be held by more than one user.

# User Roles in GAINS

Roles	Access
<b>User Access Administrator</b>	Has the authority to manage LEA user roles. The district LAM(s) has this role by default, but it can be assigned to others in the organization.
<b>LEA Authorized Representative</b> [all organizations must have someone in this role]	The Authorized Representative is the individual authorized to provide final organization approval and submit the application to CDE on behalf of the applicant. <b>Can be a superintendent, CFO, CEO, and/or anyone else at the organization who has authority to approve an application.</b>
<b>LEA Fiscal Representative</b> [all organizations must have someone in this role]	The Fiscal Representative is authorized to approve grants, complete and submit requests for funds, and will receive fiscal related communication regarding the application. <b>Usually the organization Fiscal Manager, but other personnel can also have this role in your budgeting office.</b>
<b>LEA All Funding Applications Director</b>	Authorized to create and complete drafts of any grant application for which the organization is eligible. Can change status of application to “Draft Complete” but cannot approve. <b>Could be a grant manager or grant writer.</b>
<b>LEA All Funding Applications Update</b>	Authorized to edit/update drafts of any grant application for which the organization is eligible but cannot change statuses/approve. <b>Could be a district grant manager or grant writer.</b>
<b>LEA [Funding Application Name] Director</b>	Authorized to create and complete application draft of the named grant but cannot approve. <b>The specific person managing the grant if this is not a centralized role for your district.</b>
<b>LEA [Funding Application Name] Update</b>	Authorized to edit/update application draft of the named grant but cannot change statuses. <b>Could be a school-based staff member or external consultant who will need to assist in editing a grant application but would not have authority to finalize a draft.</b>
<b>LEA Data View</b>	Has the authority view all organization content but no editing or status changes.

# Considerations for User Role Assignments

## Roles

LEA Data View

LEA Fiscal Representative

LEA Authorized Representative

User Access Administrator

LEA All Funding Applications Update

LEA All Funding Applications Director

LEA [Funding Application Name] Director

LEA [Funding Application Name] Update

- We encourage applicants to be cautious and careful when assigning or requesting roles assignments in GAINS. Certain role designations come with specific authority regarding funding applications for your organization.
  - Many program offices at CDE are using the roles in GAINS to replace signed forms.
- As a role-based system, your user account and any actions taken are part of the system's audit trail. **Never** share your password and allow another person to access the system under your profile.
- It is recommended that third-party, external, or consultant users only be granted "Update" or "Data View" roles within GAINS.

# Grant Review Project

# Grants Project Overview

## April 2024

- Ongoing conversation about the need for streamlining state grants and administrative burden
  - School districts have consistently provided feedback about the complexity and burden of seeking and managing state grants
  - The State Board of Education, General Assembly members and the Governor's Office have all flagged interest in state grants
- ESSER funding presents the opportunity to pursue now
- Level of complexity to address this challenge is high internally and externally
  - Requires a dedicated, thoughtful process and timeline

Create a comprehensive inventory of the current 35 competitive state grants, collect input from internal and external stakeholders, and make recommendations that seek to:

- Leverage grant funding and activities to best target high-leverage and/or evidence-based activities;
- Tie grant funding to identified state and district needs; and
- Streamline grant opportunities and administration internally and externally.

## But wait... what about GAINS?

- GAINS is CDE's new grant management program, designed to add efficiencies to grant applications, budgets, funds requests and more for both CDE and the field
- Many people ask... **How is the Grants Project different from GAINS?**
  - Both projects seek to make state grants more effective and more efficient
  - GAINS is targeting implementation-level improvements that will enhance **any and all** grants, while the Grants Project is targeting systems- and strategy-level improvements that ask **which** grants and **how** can they best be structured

# But wait... what about GAINS?

**GAINS** is like Air Traffic Control. GAINS makes sure every plane gets safely and efficiently to its destination. It can handle *any* type of plane. And works with all pilots.

**Grants** are like the planes. Currently 35 in the air.

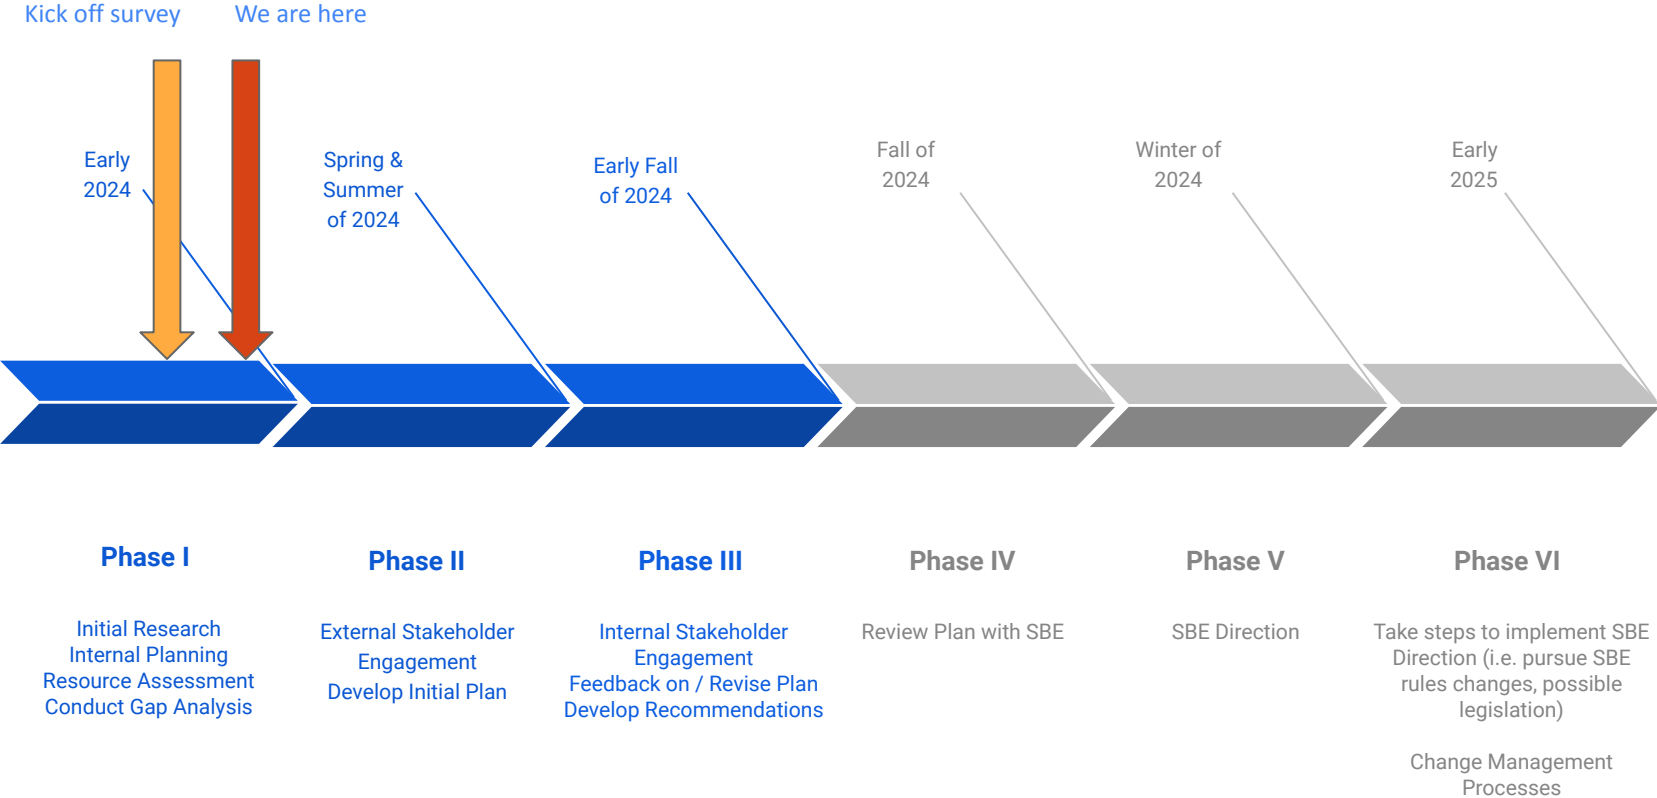

The **Grants Project** works for the Airline. It asks questions like:

- Are the right planes in the air? Do we have too many planes flying to Boston? Could we be flying 3 747s instead of 12 prop planes? Are our current planes and routes meeting customer needs?

# Overview

- How competitive are each of these grants (approved/denied)?
- What are the amounts available for distribution for each grant?
- What are the distribution patterns with regard to rural/urban, at-risk, size of district, etc.?
- How have grant funds been spent at the LEA level, based on Finance December data?
- How well aligned are these grants to top district-identified priorities? (in process)
- How well aligned are these grants to top state-identified priorities? (in process)

- **CDE Lead:** Alyssa Pearson, with support from Shelbie Konkel
- **Project Manager:** Kate Bartlett, former Executive Director of School District Operations at CDE, currently independent contractor ([bartlett\\_k@cde.state.co.us](mailto:bartlett_k@cde.state.co.us))
- **Facilitation and Report Writing:** Dillinger Group, currently also contracted with CDE to facilitate school finance and transportation task forces, as well as the facility schools working group
  - For Grants Project, will manage research, data collection, and stakeholder engagement with leadership from CDE Lead and Project Manager

# Questions?

# Grants Fiscal Indirect Cost Guidance

## New ICR Guidance has been developed and posted:

- Key Takeaways: \$25K Threshold (will increase to \$50k on NEW AWARDS after 10/1/24) on Contracts
  - Clarification and Example Direct from USEd
- Decision Tree
- Correcting Entry Guidance

<https://www.cde.state.co.us/cdefisgrant/idcusesrequirements>

# Grants Fiscal ESSER Closeout

# ESSER III Closeout

- Same process as ESSER II.
- Form to be submitted by 11/15/24.
- Final RFF for ALL ESSER III due 11/15/24.
- General Ledger for **entire** performance period required, for EVERY ESSER III allocation.
- GL is required to be in **DETAIL** and submit revenue detail as well.
- GFMU will be sending emails out in the next month for those who have YET to complete ESSER I closeout, as well as ESSER II.
- Form will be posted here by end of May:

<https://www.cde.state.co.us/cdefisgrant>

## PLEASE

- Reconcile your ESSER III awards FAR in advance of 9/30/2024.
- If determined that an ICR adjustment is needed due to inappropriate calculation, make sure it is done before your final RFF and BEFORE you submit your closeout documents/form.
- There will be **NO** extensions.
- CDE is not responsible for reminding awardees of their final draw due date or remaining balances, it is Awardee's responsibility to track. Check remaining balance here:  
<https://www.cde.state.co.us/schoolview/finance/grants/>

**Keep in mind, if CDE determines a liquidation extension is required, more information will be shared on the applicability of the extension.**

# Grants Fiscal

## Other Grants Closeout

## **As year end nears, for all awards, please keep the following in mind:**

- RECONCILE (BEFORE the grant closes).
- Do you need a budget revision?
- Ensure your supporting documentation for all expenditures is up to date and accurate. (guide for documentation [Link](#))
- Review your accounts receivable and revenues.
- State Grants - Cash on Hand-contact GFMU Fiscal analyst.
- Federal Grants - Cash on Hand (should NEVER happen)-contact GFMU Fiscal Analyst.
- Review indirects.

# Grants Fiscal

# Misc. Reminders

# Miscellaneous

- ESSER III Expires 9/30/24
- ESSER III Final RFF Due Date 11/15/24
- ESSER I, II, III Final Closeout Due 11/15/24
- Reminder: Monitoring Protocol
  - Respond quickly.
  - Provide what is asked within time frame requested.
  - Provide ledger IN DETAIL.
  - The monitoring team is consistently getting responses months later, if at all.
- ANY question can be sent to this email and will be routed to appropriate individual: [Grants\\_Fiscal@cde.state.co.us](mailto:Grants_Fiscal@cde.state.co.us)

# Davis Bacon Act Guidance and Monitoring Update

# Davis-Bacon Act (DBA) Info and Resources

- [CDE Construction Guidance Document](#)
- [March 28th, 2024 Office Hours](#) (see slide links)
- Four DBA criteria (may include BEST, minor remodeling, and repairs)
  - Exceptions (e.g., employees, sole proprietors (confirmed?), and maintenance)
- [Contract Provisions for Non-Federal Entity Contracts Under Federal Awards \(2 CFR §200, Appendix II\)](#)
- OESE [Davis-Bacon Overview](#) Document
- DOL DBA/DBRA Certified Payrolls [training](#) and related [slides](#) that provide guidance on how to review certified payrolls
- CDE supplemental contracted projects monitoring reminders

# Davis-Bacon Act (DBA) Next Steps

- Open project (bring into full compliance) or closed project (pursue a waiver if prevailing wages were paid or find a different funding source)?
- Were prevailing wages (PW) paid by contractors and subcontractors (LEA needs to obtain related payroll records and at least spot check against applicable wage determination)
- If yes, and documentation shows PW were paid, contact [Nazie Mohajeri-Nelson](#) regarding waiver process
- If no, must make laborers whole (pay back wages) at the PW rate or find a non-federal funding source
- Contact CDE with questions

# Universal Preschool Program

# Universal Preschool and Special Education Funding

## Preschool Funding 22-23 and 23-24

Prior to Universal Preschool, CDE School Finance Funds for Preschoolers enrolled in CPP or Special Education were generated through the Student October Count. Effective in the 23-24 school year, preschool students submitted in October Count no longer generate general education funding for districts.

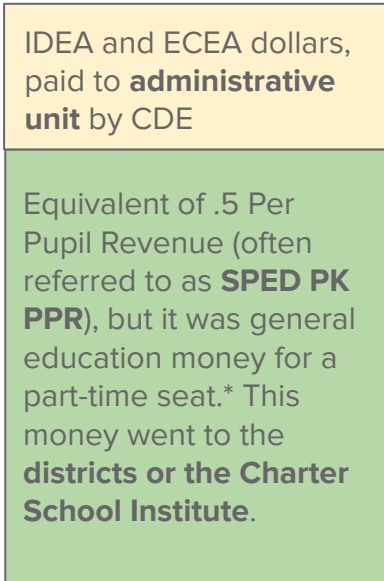

# Funding at the Student Level – Before Universal Preschool

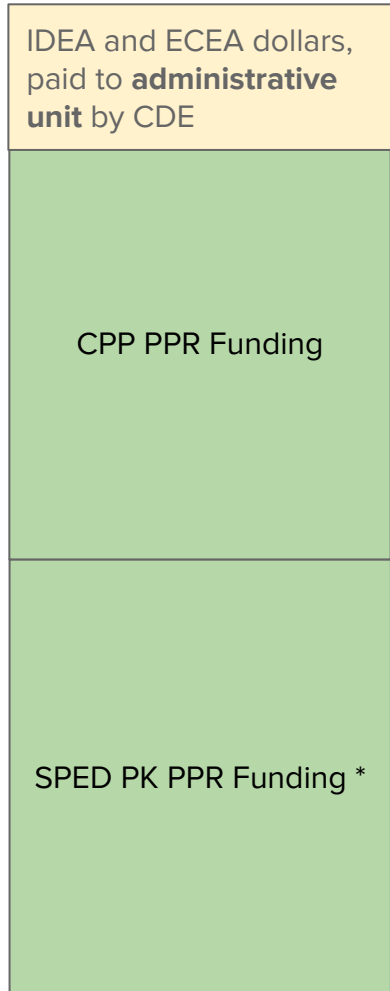

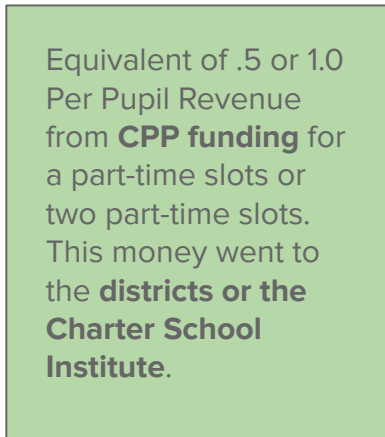

*\*See speaker notes for additional clarification*

## 2022-23 Before UPK

### Half-Day Student with an IEP

### Half-Day Student without an IEP

**Full-time Student with an IEP:**

Sometimes one student with a disability could be funded full-time - part-time funded by SPED PPR and part-time funded by CPP. This was only 300 kids in 2022-23, not the norm.

Total Per Student Funding

**Example: Denver** \$4,968 SPED PPR + IDEA/ECEA dollars

\$4,968 CPP/.5 PPR

\$4,968 CPP/.5 PPR + \$4,968 SPED PPR + IDEA/ECEA dollars

# Funding at the Student Level – Under Universal Preschool

2023-24 Under UPK

Total Per Student Funding

## Half-Day Student with an IEP

ICEA and ECEA dollars, paid to **administrative unit** by CDE

The 15-hr “LCO Rate” or “UPK Rate” is general education money for a half-day seat. Paid by CDEC to either the district, the charter school, or the private preschool provider.

## Half-Day Student without an IEP

The 15-hr “LCO Rate” or “UPK Rate” is general education money for a half-time seat. Paid by CDEC to either the district, the charter school, or the private preschool provider.

ICEA and ECEA dollars, paid to **administrative unit** by CDE

The 30-hr “LCO Rate” or “UPK Rate” is general education money for a full-time seat. Paid by CDEC to either the district, the charter school, or the private preschool provider.

**Full-time Student with an IEP and Another Qualifying Factor:**

Students with an IEP and another qualifying factor and students with IEP where the IEP requires 30 hours are entitled to the 30-hr LCO rate.

**Example: Denver** \$6,102.06 UPK rate + IDEA/ECEA dollars

\$6,102.06 UPK rate

\$10,748.93 UPK Rate + IDEA/ECEA dollars

# Funding at the Student Level – Summary

- **For a half-day student with an IEP, the basic funding structure is the same under the old and new systems:**
  - A **base-rate** of general education funding for the “seat”
    - SPED PK 0.5 PPR before UPK
    - Half-time 15-hr UPK rate (or LCO rate) under UPK
  - **Plus** state and federal funding for students with disabilities that comes from CDE and is paid to the administrative unit.
- **For a full-time student with an IEP, it also operates in the same way under the old and new system:**
  - A **base-rate** of general education funding for the “seat”
    - SPED PK 0.5 PPR + CPP 0.5 PPR Funding for full-time funding before UPK
    - Full-time 30-hr UPK rate (or LCO rate) under UPK
  - **Plus** state and federal funding for students with disabilities that comes from CDE and is paid to the administrative unit.
  -
- **The “38 million” of SPED PK PPR under the prior system is now being used to fund the UPK rates for students with disabilities. It is not lost, it is just coming from CDEC instead of from CDE through the School Finance Act.**

# State and Federal Special Education Funding

CDE distributes state (ECEA) and federal (IDEA) funding to Administrative Units

ECEA and IDEA allocation methods have not changed from pre-UPK and post-UPK

ECEA and IDEA funding can still be used to cover expenditures for PK-12 students

# State Special Education Funding - ECEA

- CDE distributes ECEA funds to Administrative Units
- ECEA funding is based upon prior year December Count (count of PK-12 students with IEPs - Tier A and Tier B)
  - FY23-24 funding is based upon December 2022 counts
- State ECEA funding is distributed upfront
  - AUs typically receive ECEA funding in August

# Federal Special Education Funding - IDEA

- CDE distributes IDEA funds to Administrative Units
  - Includes Part B and Preschool funding
- IDEA funding is based upon prior year October Counts (85% total count/15% poverty count)
  - FY23-24 funding is based upon October 2022 counts
- Federal IDEA allocations are provided when available, typically June or July
  - Funding is distributed based upon Request for Funds (RFF) reimbursement

# Example of ECEA Funding at District/AU - FY23-24

- Centennial BOCES' ECEA Funding = \$3,352,177
- Eaton's Portion of Centennial BOCES' ECEA Funding = \$539,646 \*
- The remaining \$2,812,531 was generated from students in other member districts.

\*While Categorical funding amounts are listed by district in the School Finance spreadsheet, this is only for informational purposes for "Categorical Buyout Districts". Special Education categorical funding is provided to the AU, not to the district.

# Universal Preschool and SPED Funding

- Will districts/AUs get less money to educate preschoolers with IEPs?
  - ECEA and IDEA funding increased in total in FY23-24 over FY22-23. Allocations by AU are [posted](#).
  - LCO rates increased over School Finance PPR rates for some districts and decreased for others.
  - The CPP Historical Allocation and MOE Hold Harmless funding is designed to ensure total preschool “seat” funding does not decrease in FY23-24 from FY22-23.
    - CDEC is working on estimates for CPP Historical Allocation funding. Subsequently, CDE will provide MOE Hold Harmless funding estimates.

# Funding Updates

## 4 Year-Old Attestation

An attestation for the 4 Year Olds CPP historical allocations for those School District providers that participated in CPP in FY 2022-23 went out on April 12 and responses are required by April 30.

## Final Payments

The Final scheduled payment is May 8th. For all children that enroll up to May 15, 2024, a final payment will be sent in May. Enrollees after May 15th will not be included in any future payment for the 2023-24 school year.

## CPP Historical Allocation by CDEC

Once the attestations are complete and the final payment is made. A final reconciliation and completion of CPP historic allocation payments will be processed no later than June 30,2024.

### CPP Historical Allocation Equation

CPP Allocation Total
- 3 YOs CPP Historical Allocation \$
- Community Partner Pass through \$
<hr/>
School Districts CPP Historical Allocation

# Grant Codes

**Grant Code 3896:** Department of Early Childhood (CDEC) Funding: 3 Year Old Universal Preschool Funding (Source: 3010) discussed at the February 2024 FPP Meeting, see slide 32. <https://www.cde.state.co.us/cdefinance/fppcommitteemeetingfeb2024>

**Grant Code 3897:** Department of Early Childhood (CDEC) Funding: 4 Year Old/LCOs Universal Preschool Funding (Source: 3010) discussed at the February 2024 FPP Meeting, see slide 32.  
<https://www.cde.state.co.us/cdefinance/fppcommitteemeetingfeb2024>

**Grant Code 7575/8575:** Child Care Assistance Block Grant (Child Care Stabilization) associated with the Federal Assistance listing number 93.575. discussed at the February 2022 FPP Meeting, see slide 37.  
<https://www.cde.state.co.us/cdefinance/fppcommitteemeetingfebruary172022>

The Capacity Building Grant is a State Grant from another State Agency (CDEC). The District can assign a grant code between **3950 and 3999**. The grant code assigned by the District would be used with source code 3010. It is SB-21-236, the notes confirms that it is state expenditures: <https://leg.colorado.gov/bills/sb21-236>

# Universal Preschool Provider Rates

## FY 2024-25 -(July 2024-June 2025)

- Provider Rates are based on the LCO catchment area.
- The Department was appropriated a 2% increase for provider rates
- The Program is in the process of updating the rates for 2024-25 school year
- These rates should be available July 1st

# School Nutrition updates

## JBC Approved Measures - waiting for Gov signature

- Ensure meal reimbursements funding through SY2024-25
- Delay grant and TA programs (wages/stipends and local food program)
- Other recommendations pending contractor & program report
- Flexibility with CEP requirements
- Mandate steps to increase household income form collection
- Continuation of Local Food Purchasing Grant pilot

## Recent Changes

- July 2023: Medicaid students were included in the Direct Certification of students
- Sept. 2023: USDA published a final rule lowering the minimum ISP from 40% to 25%
- March 2024: Optional Mid-Year opt in at 25% ISP
  - 56 CEP eligible districts opted in
  - Districts that opted into Mid-Year will still be required to go through the upcoming CEP cycle

# Community Eligibility Program (CEP)

## Timeline

- April 1-7 - Report ISP numbers as of April 1
- April 15 - CDE will notify LEAs of district-wide or site-level CEP eligibility for SY 2024-25
- June 30 - Opt-in notification, submit CEP ISP validation data with required forms to CDE

## Prelim data

- 178 eligible sponsors - 1310 sites
  - Previously at 40% threshold, 65 sponsors - 577 sites
- Using a vendor to assist with validations

- Data collection opened April 1, goes through April 30
- All districts required to submit student level data by due date
- S-EBT activity is not an allowable expense to Fund 21

## Local Administrative Funding

- Sponsors will receive admin funds for Summer-EBT for SY 2023-24 to help cover local administrative costs
  - Fund 10 or Fund 22
- An email will be sent to each sponsor with more detail - allocation amount, grant codes, etc
- FAQ

# Other HOT topics

- Summer Food Service Program (SFSP) Applications -
  - Applications are open
- Upcoming Trainings
  - On the Menu
    - April 25 - SFSP
    - May 23 - Direct Certification
    - May 30 - CEP implementation
  - Self Paced trainings and recorded webinars - website

# Legislative Session

# Legislative Session

## Newcomer Funding

# HB24-1389 School Funding in FY2023-24 for Newcomer Students

Provides funding to schools in the 2023-24 budget year for increases in pupil enrollment after the 2023-24 budget year pupil enrollment count day

- Revenue coded to 3291 but no need to use for expenditures

Defines new arrival students as students who:

- Moved from another country to Colorado, directly or indirectly;
- Have been in the United States for less than one year; that are not proficient in English or has limited English proficiency; and
- Whose enrollment in a Colorado public school is the student's first school enrollment in the United States

Includes two funding mechanisms

# Part I - “Fixed Cost” Funding: Districts with even 1 newcomer will receive fixed cost funds

TOTAL # OF  
NEWCOMERS

Tiered Funding Levels		
Tier #	Newcomer Enrollment	Total Funding
0	0	0
1	1 - 5	\$15,000
2	6 - 10	\$30,000
3	11 - 30	\$75,000
4	31 - 50	\$125,000
5	51 - 100	\$200,000
6	101 - 200	\$400,000
7	201 - 500	\$550,000
8	501 +	\$750,000

=

“FIXED-COST”  
FUNDING

## Part II - “Net Enrollment” Funding: \$4,500 pp will also be distributed on a Per Pupil basis\*

If your district has Newcomer students per this bill but your net enrollment is zero or below, you only receive the Tiered funding.

[Archived Data Pipeline Town Hall Presentations | CDE \(state.co.us\)](#)

- Monday, April 15: deadline for submission of the intent to participate form
- Tuesday, April 16: CDE generates DocuSign email for each district
- Tuesday, April 23: deadline for districts to complete DocuSign
- Wednesday, May 1: CDE provides notification to districts of funding allocation
- Friday, May 31: latest date by which CDE distributes funding to districts

- There has been some confusion related to the appropriate mechanisms to designate newcomer students for Free and Reduced-Priced Lunch (FRL) eligibility.
- Many newcomers will be identified as McKinney-Vento as they are temporarily placed in emergency shelters that lack consistency and reliability. Many of these shelters are only available for 14-21 days.
- The legal definition of “homeless” includes those in transitional housing and shelters. The complete definition is [linked here](#).
- Additionally, those students who are in permanent housing, can be eligible for FRL based upon completion of a [FRL application, a combination form](#) or a [Family Economic Data Survey \(FEDS\) form](#). These forms are available in English and Spanish.

# Legislative Session

## School Finance Act

# SB24-188 Public School Finance

- Increases the base per pupil funding by the rate of inflation to \$8,496.38, and increase of \$419.97 from FY2023-24
- Repeals the Total Program Reserve fund as of July 1, 2025
- Adds the rural/small rural funding to the formula to remove this funding from annual “one-time funding”
- Requires the state treasurer to transfer \$15,715,539 from the state education fund to the mill levy override match fund
- Extends the implementation of a new at-risk count methodology to FY2025-26

# Legislative Session

## Distribution of State Share

# SB24-017 Distribution of State Share of District Total Program

- Current law requires the state to distribute its share of a school district's total program funding (state share) in 12 approximately equal monthly payments during the budget year with an adjustment for mid-year October counts to be incorporated into the formula.
- SB24-017I requires the state to distribute the state share of a district's total program funds over the course of the budget year considering the projected timing of when the district will receive the property tax component of its local share of its total program funding.
- The distribution is to be as equal as possible each month when combined with the property tax component of the local share.
- Districts that prefer to stay on the current approximate 1/12th schedule must opt out before July 1st. The district is then opted out until they choose to opt in for a new fiscal year.

# Legislative Session

## New School Finance Formula

# HB24-1448 Foundation Funding and Student Factors

- Starts with a district's foundation funding, which is determined by multiplying the statewide base per pupil funding by the district's funded pupil count, excluding the district's extended high school pupil enrollment and the district's (multi-district) online pupil enrollment; then
- Adds the district's at-risk funding, which is determined by multiplying the statewide base per pupil funding by 25% and then multiplying that result by the district's at-risk pupil enrollment; then
- Adds the district's English language learning funding, which is determined by multiplying the statewide base per pupil funding by 25% and then multiplying that result by the district's English language learner pupil enrollment; then
- Adds the district's special education funding, which is determined by multiplying the statewide base per pupil funding by 25% and then multiplying that result by the district's special education pupil enrollment; then

- Adds the district's cost of living factor, which is determined by multiplying the statewide base per pupil funding by the district's funded pupil count, excluding the district's extended high school pupil enrollment and the district's (multi-district) online pupil enrollment, and then multiplying that result by the district's cost of living factor; then
- Adds the district's locale factor, which is determined by multiplying the statewide base per pupil funding by the district's funded pupil count, excluding the district's extended high school pupil enrollment and the district's (multi-district) online pupil enrollment, and then multiplying that result by the district's locale factor; then
- Adds the district's size factor, which is determined by multiplying the statewide base per pupil funding by the district's funded pupil count, excluding the district's extended high school pupil enrollment and the district's (multi-district) online pupil enrollment, and then multiplying that result by the district's size factor; then

- Adds the district's extended high school funding, which is determined by multiplying the district's extended high school pupil enrollment by an amount that increases by the same percentage that the statewide base per student funding increases; then
- Adds the district's (multi-district) online funding, which is determined by multiplying the district's online pupil enrollment by an amount that increases by the same percentage that the statewide base per student funding increases.

- For the 2025-26 state fiscal year, if the total program calculation under the new formula is greater than the total program calculation under the expiring formula, the district's or institute charter school's annual total program amount is the amount calculated under the expiring formula plus an amount equal to 18% of the difference between the amount calculated under the new formula and the expiring formula;
- For FY2026-27, an amount equal to 34% of the difference
- For FY2027-28, an amount equal to 50% of the difference
- For FY2028-29, an amount equal to 66% of the difference
- For FY2029-30, an amount equal to 82% of the difference
- Full implementation as of FY2030-31

# GASB 101 Compensated Absences

## Overview

- GASB 101 replaces GASB 16
- Goal: More consistent model that applies to ALL types of compensated absences
- Effective for FY 24-25
  - Early adoption is permitted
- Main difference is the pivot from rules-based approach to a conceptual framework approach
- Check with your auditor for assistance

The new guidance introduces 3 criteria for recording the Comp Absences (CA) liability:

A liability is recognized for leave that has not been used if all the following conditions are TRUE:

- The leave is attributable to services already rendered
- The leave accumulates
- The leave is more likely than not to be used for time off or paid in cash (or non-cash)

## Calculation of liability

- Rate of pay at the time of balance sheet unless the agreement calls for a different rate
- Should include related fringe benefits:
  - PERA
  - Medicare
  - Other

## Difference between GASB 101 and GASB 16

### GASB 16

- Accounting for sick leave had 2 options
  - Both options only required accrual for sick leave in the form of a termination payment

### GASB 101

- Sick leave is calculated in the same manner as any other type of compensated absence

## Next Steps

- Governments will need to make an assessment to support the percentage of employees in the nonvesting population.
- The assessment should include reviewing these policies:
  - Compensated absences
  - Historical leave usage patterns, payment upon termination and forfeitures of leave
  - Information about current and expected future eligibility

Note: New standard only requires the disclosure of net change in liability

# GASB 101 - Compensated Absences

## Example

Sick leave is paid out at 50% after 5 years of service.

- Employees over 5 years of service, unused sick leave = \$600,000
- Employees less than 5 years of service, unused sick leave = \$1,800,000

Sick leave is attributable to services already rendered and accumulates.

	GASB 16	GASB 101
<b>Liability concepts</b>	Considers the leave that will be paid out upon termination/retirement (vested portion) and an estimate leave amount for the nonvested portion based on probability of retirement.	Considers leave that will be paid out upon termination/retirement (vested portion) and an estimated leave amount for the nonvested portion based on more likely than not use for time off or future retirement.
<b>Liability calculation</b>	The vested portion would be recorded at 50% (\$300,000). For employees less than 5 years of service, based on historical trends, it's probable that 45% of employees will stay on for more than 5 years.  $(\$1,800,000 \times 45\% \times 50\% = \$405,000)$	The vested portion would be recorded at 50% (\$300,000). For employees less than 5 years of service, based on historical trends, about 80% of sick leave is more likely than not to be used for time off or employee will stay on for more than 5 years and will receive a termination payment.  $(\$1,800,000 \times 80\% \times 50\% = \$720,000)$
<b>Liability amount</b>	\$705,000	\$1,020,000

# Fiscal Health Analysis of Colorado School Districts: Office of the State Auditor

# Financial Reporting

# Career and Technical Education (CTE) Instructor

## Request to add Job Class 225 (Vote)

# Career and Technical Education (CTE) Instructor

**Element:** Job Class 225 CTE Instructor (will roll to 200)

**Purpose:** Add Job Class Code

**Proposed Title:** Career and Technical Education (CTE) Instructor

## **Proposed Description:**

CTE Instructors instruct students in various technical and career subjects, such as auto repair, aeronautics, healthcare, culinary arts, etc. Some courses take place on evenings or weekends. CTE instructors typically have industry-based experience and non-traditional certification or licensure. CTE Instructors partner with local university/colleges to help students earn certifications, diplomas or AA degrees specific to a particular career area.

**Job Duties may include:** instructing students on how to develop particular skills related to the career; showing students how to apply classroom knowledge through hands-on activities; demonstrating and supervising safe and proper use of tools and equipment; creating lesson plans and assignments; monitoring students' progress; developing and enforcing classroom rules, roles and safety measures; Working with local businesses and nonprofit organizations to provide practical work experience for students.

## **Job Code: 225** - (will roll to 200) - continued:

- **Purpose of Job Class:** To provide an alternative to the typical "teacher" job category for specialized instructors in the area of CTE work that focuses on more industry-based learning and careers. Currently the majority of Districts are coding as job class 201.
- Recommend usage with CTE-appropriate Instructional program codes
- **Effective Date:** Beginning in the 2025-26 School Year
  - Optional for use in FY2024-25

# Special Education Support Services - Student

## Request to add Program Code 2170 (Vote)

# Special Education Support Services - Student

**Element:** 2170 Special Education Support Services - Student  
**(BOLD)**

**Purpose:** Add new program code

**Proposed Description:**

Special Education Support Services - Student. Activities to support Special Education students and supplement the teaching process. These services pertain to interaction between students and teachers by designing the educational program for the needs of individual students.

- Program codes 2171 - 2179 may be used by the district to capture specific reporting needs.

## **Additional Information (2170):**

- 2170 is bolded; will roll to itself; 2171-2179 will roll to 2170
- Based on district feedback for additional codes to capture SpEd expenditures, specifically support costs. Will be used similar to how program code 1700 is used for Instructional SpEd expenditures.
- Grants fiscal will include these for use in determining Maintenance of Effort (MOE)
- Needs to be bolded in order to populate the Preliminary Maintenance of Effort Reports
- Available to use with grant code 3130, 3896 and 3897
- Optional use for FY23-24, then will be bolded beginning in FY24-25 to allow for a transition year.

# Special Education Support Services - Instructional Staff

## Request to add Program Code 2270 (Vote)

# Special Education Support Services - Instructional Staff

**Element:** 2270 Special Education Support Services - Instructional Staff (**BOLD**)

**Purpose:** Add new program code

**Proposed Description:**

Special Education Support Services - Instructional Staff. Activities associated with assisting the Special Education instructional staff with the content and process of providing learning experiences for SpEd students. These services pertain to the interaction between students and teachers, focusing on designing the curriculum, training staff on training methods, assessing the student's learning and retention of the subject matter and delivering and coordinating such activities. Includes activities associated with directing, managing and supervising the special education programs. If the district is organized with a single director over special education, code his or her salary and benefits here. If the district maintains directors for individual programs, such as psychological services, they should be coded under 2100.

- Activities previously associated with program code 2231, should be coded here starting in FY24-25 (optional to implement beginning in FY23-24). However, based on FPP member feedback, 2231 will remain Active as a bolded account.
- Program codes 2271 - 2279 may be used by the district to capture specific reporting needs.

# Special Education Support Services - Instructional Staff

## **Additional Information (2270):**

- 2270 is bolded; will roll to itself; 2271-2279 will roll to 2270
- Based on district feedback for additional codes to capture SpEd expenditures, specifically support costs. Will be used similar to how program code 1700 is used for Instructional SpEd expenditures.
- Grants fiscal will include these for use in determining Maintenance of Effort (MOE)
- Needs to be bolded (starting in FY24-25) in order to populate the Preliminary Maintenance of Effort Reports
- Available for use with grant code 3130, 3896 and 3897
- Optional use for FY23-24, then will be bolded beginning in FY24-25 to allow for a transition year.

# Supervision of Special Education Programs

## Request to Bold Program Code 2231 (Vote)

# Supervision of Special Education Programs

**Element:** 2231 Supervision of Special Education Programs

**Purpose:** **bold program code**

**Description:**

Activities associated with directing, managing and supervising the special education programs. If the district is organized with a single director over special education, code his or her salary and benefits here. If the district maintains directors for individual programs, such as psychological services, they should be coded under 2100.

Additional Information (2231):

Optional use for FY23-24, then will be bolded beginning in FY24-25 to allow for a transition year.

# COA/FT Subcommittee

## Other Resources:

- Unofficial Rules: [Rules for the Administration of the Public School Finance Act of 1994 \(1 CCR 301-39\)](#)

# School Auditing Office- Proposed Audit Approach for fiscal year 2024-2025

- With the roll-out of the updated Rules for the Administration of the Public School Finance Act of 1994, and starting in 2024-2025, the School Auditing Office will be shifting its audit approach of the funded pupil, at-risk and ELL funding factor counts (i.e., Student October Count data).
- The audit review process will be broken up into three levels.
- Regardless of the review level, documentation and compliance verification will be limited to the most recent Student October Count data collection.

# School Auditing Office- Proposed Audit Approach for fiscal year 2024-2025

- **Level 1: Annual Audit Review**
  - All districts/CSI/BOCES will participate in this audit review.
  - Will require districts/CSI/BOCES to upload an initial list of required documents by December (once the Student October Count data collection is finalized)
    - Statement of Compliance- **New**;
    - Contractual Education Assurances- **New**;
    - Questionnaire(s)- **New**;
    - District/school level operational documentation such as calendars, bell schedules and calculations, catalogs, etc.- [Described in Audit Resource Guide\(s\)](#)
  - School Auditing Office will conduct all “Annual Audit Reviews” by March 1st.
  - Districts/CSI/BOCES will be notified by March 1 if they have been flagged for a next level audit review (i.e., a focused or comprehensive audit review).

# School Auditing Office- Proposed Audit Approach for fiscal year 2024-2025

- **Level 2: Focused Audit Review**
  - Some districts/CSI/BOCES will be flagged for a “Focused Audit Review” based on the outcomes of the “Annual Audit Review”.
  - Districts will be notified by March 1 if they will be required to upload additional documentation to complete this next level audit review.
  - The “focused” audit review may include documentation for certain school/program/course and/or student types based on reporting patterns as seen in Student October compared to prior year reporting and information and documentation collected during the “Annual Audit Review”.
  - If a district/CSI/BOCES is flagged for a “Focused Audit Review”, the School Auditing Office will communicate specific school/program/course documentation and/or sampled students for whom the district/CSI/BOCES needs to upload documentation to complete this review.

# School Auditing Office- Proposed Audit Approach for fiscal year 2024-2025

- **Level 3: Comprehensive Audit Review**
  - Each year, a set number or percentage of districts/CSI/BOCES will be flagged for a comprehensive audit review.
  - Districts/CSI/BOCES will be notified by March 1 if they have been flagged for a Comprehensive Audit Review.
  - These reviews will be more broad in scope and will require the organization to upload comprehensive documentation at the district/school/program level, as well as at the student level as described in the corresponding Audit Resource Guide(s).
  - These reviews will most closely resemble historic audits completed by the School Auditing Office.

# School Auditing Office- Proposed Audit Approach for fiscal year 2024-2025

- By July 1, the School Auditing Office will communicate changes to the audit process impacting fiscal year 2024/2025. This will include posted resource materials and summer trainings.
- Note: Many districts have audit reports that have been drafted, but not issued for prior fiscal years. The School Auditing Office plans to have all remaining draft audit reports issued to districts by December 31, 2024.
- Note: As part of the data pipeline Student October collection, and in addition to the Secretary of the Local Board of Education, beginning in 2024/2025 Chief Financial Officers/Business Officials will also be required to sign off on all funded counts (i.e., funded pupil count, at-risk count, and ELL funding factor count).
